## VERSES 1 & 2

Em Am B  
Echoes of the things you said  
Ringing inside my head  
The world between us

Showing that you just don't care  
The space between us

## REFRAIN 1 & 2

C Am  
The things that we're all feeling  
B Em  
Take the time to understand  
C Am  
We're building blocks and breaching doors  
B Em  
Our destinies at hand

C Am  
The things we like to bury  
B Em  
Find their way to the top  
C Am  
They're coming for a reason, that  
B Em  
You already saw

Longing for a life at last  
The learning between us

If we only climb the hill
