

Music and Me

© 2019 Neel Modi

Hello again
My dearest friend
Though it's been a while
You've always been

There for me
In my darkest hour
There for me
In my ecstasy

Its music and me
Through A, D and G
mild or spicy
Angry, sad, or happy

Its music and me
A life long story
It's free therapy
Through ups and downs and in between

“Think about all the people you never would've met if it wasn't for music”

When life gets all syncopated
You bring me back, back on beat
You show me worlds, and lift me up
Like a major V, in a minor key

We're young, we're old, it doesn't matter
We sing as one, all together
Come join our jam, and just say yes
the power of yes
Collaborate, and share the claps

F#m7 Em7 D7
Through the ones And threes and
Gm Am (x2)
fives and nines

F#7 Em7. D7. Gm. Am
The beats that drive both hearts and minds
