Fresh snowfall, not yet disturbed
Everyone home, as they should
Empty streets, only black ice
The tunnel's end, there is light

D G
It's a silent Christmas

A G
Cherish the stillness

D G
Strengthened resilience

C E
A new year's upon us

Dm7b5 C

Connections...

These things live on

Hope.....

Optimism...

We've got it all...

In a silent Christmas

Cherish the stillness

Strengthened resilience

A new year's upon us

Let's make it work

Only for now, it's just you and me
Our friends and fams, no touch just see
Shows to watch, and games to play
Mixing cocktails, and bread to bake

It's a silent Christmas
Cherish the stillness
Strengthened resilience
A new year's upon us
Let's make it work
